Dear Mr. Floyd and Board,

I want to thank you for all that you have done to help us serve our Lord and Savior Jesus Christ. The medical items that you have donated for shipment to Bolivia are a blessing to us and they will be used to reach other people for Christ. Many people will now be able to receive medical care and treatment because of the equipment you donated. Every child and adult we treat...you touch. Thank you for teaming up with us as we reach the world for Jesus Christ one life at a time. Here is a picture of us loading the container with the items you donated. We have prayed over the items and believe God will use them for His glory.

Thank you again,

Mark Garrison
